

Kalmar Township

Resolution Number 05201607

Clarifying Conditional Use Permits-15-01 & 15-02

Whereas, Kalmar Township approved two conditional use permits with two separate legal description for property owned by DBTMK Enterprises on December 21, 2015, and,

Whereas, the two legal descriptions are adjoining each other on the same parcel number (75.35.34.035352).

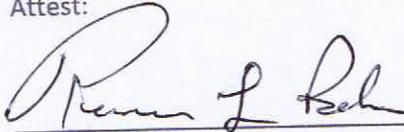

Whereas, the applicant is seeking clarification that no setback would exist between the two conditional use permits.

Now, Therefore be it Resolved by the Kalmar Township Board the following:

1. Two applications were submitted for by the applicant at their request, for legal and logistical reason.
2. The question of setbacks between the two applications was never addressed at the hearing, in the reports or within the applications. Although conditions of the two applications are different in relationship to setbacks and buffers along the outer edge, the township does not feel the need for any setback along the adjoining boundary between the two applications.
3. Additionally, Kalmar Township has no problem with any interconnection between these two facilities as long as the total does not exceed 5 Megawatts.

Passed and adopted by the Kalmar Town Board on May 16, 2016 with 3yes votes, 0 no votes and no abstentions.
